

The Water for People Mission

Water For People helps people in developing countries improve their quality of life by supporting the development of locally sustainable drinking water resources, sanitation facilities and health and hygiene education programs.

Our vision is a world where all people have access to safe drinking water and sanitation; a world where no one suffers or dies from a water- or sanitation-related disease.

Water For People's Guiding Principles

- ▶ **We believe in people.** We believe in the dignity of all people and that access to safe drinking water and effective sanitation are basic human rights.
- ▶ **We keep it local.** We believe that drinking water, sanitation and hygiene problems are most effectively solved using local resources. Local communities must be the driving force in all of our programs to make sure solutions are sustainable.
- ▶ **We keep good company.** We believe in the power of partnerships. We search out trusted partners who share our vision and work together to build long-term relationships based on trust.
- ▶ **We keep our promises.** We believe we owe it to the communities we serve, our volunteers, staff and donors to keep our promises and manage our resources effectively and efficiently.

Our mission is to raise awareness and money for Water for People.

We ask each individual rider to raise a "Dollar Per Mile" that they ride to the AWWA Conference. If your corporation has already made contributions to Water For People we require that this donation be over and above that.

Donations can be made in two ways:

1.) Online at the Water for People Website

<http://www.waterforpeople.org>

- Select "Donate Now" on the right hand side of their homepage.
- Make sure you select "Ride with Purpose Motorcycle Ride" under the "Gift Designations" – "Special Events" drop down menu
- Also if you could make a note as to which Buffalo you are sponsoring under the "Comments" Field just above the credit card information we would appreciate it.

2.) A check made out to "Water for People"

Send it to:
