

Individual Fundraising Site

If you have already used Crowdrise, you can use your credentials to sign in to your account AFTER you have created a Team Member fundraiser page (step 9, below)

- 1- Follow this link to the page for Ride With Purpose 2017 <https://www.crowdrise.com/ride-with-purpose-2017>
- 2- On the right hand side of the main RWP page is a black box that says "Set Up Fundraiser." - Click that.
- 3- Click "Start Your Own Fundraiser -- Select this option to start your own personal fundraiser or team in this event"
- 4- Give your Fundraiser a name, get creative. This will be the title of your home page when it is done.
- 5- Set a dollar goal that you hope to raise. This can always be modified later, but shoot high. If you surpass your goal you will be able to revise later to a higher number, but people are more likely to give if you have not met your goal.
- 6- Define what your fundraiser is. This is the part where you tell your story. Why are you a buffalo? What does it mean to be a buffalo? How important are these contributions?
- 7- Accept the terms and conditions, which is essentially our waiver form. Click Continue.
- 8- Select a picture of yourself, or your bike, or something else fun. You can load a few pictures from your trips (or your dog, your spouse or your spouse's dog) if you wish later on once your account is live.
- 9- At this point, if you have raised money on Crowdrise before sign in with your account information; If you have not, then go ahead and follow the steps to set up your account.
- 10- Once your Team Member website is ready, you can send emails with links to friends and relatives to help you raise funds
- 11- All the Team Member fundraiser amounts will roll up to show a total for the "Ride With Purpose 2017" fundraiser automatically.
